Find out more about what we are, and what we can do!

Tuesday April 10

1:00 – 4:00

2140 Davidson Road

For Questions or More Information Contact

Chris Pofahl (cpofahl@waukesha-wi.gov)

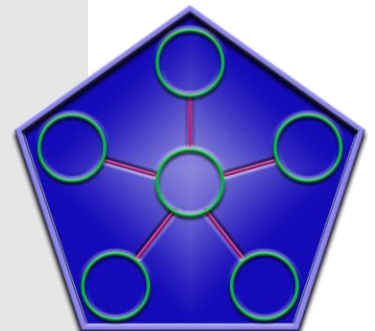

Al Mundt (amundt@waukeshacounty.gov)

We invite everyone to stop by the Center for Graduate Studies at Carroll University and find out more about WECAN and how we can help your organization.

WECAN is a community area network that connects its members to each other as well as providing redundant, reliable high speed internet connectivity through WiscNet.

Some of the benefits of WECAN include:

- High speed, reliable internet access as well as access to Internet2
- Ability to share resources with other WECAN members allowing for partnerships to achieve things like business continuity plans
- Scalable bandwidth at a very affordable cost
- Your costs actually *decrease* as more people join WECAN
